

I do not want business to be allowed to call me up to 18 months post purchase or post change of services or discontinuation of services. I want Wisconsin to be allowed to keep their current no call law. I have been on the no call list in WI for almost 2 years and I LOVE IT!!! We used to get 10-15 calls during one supper meal. We finally just never answer our phone (which violates my husband's job requirements as he is on call via telephone quite frequently for his employer). The most annoying calls were when we were trying to even get through a simple, short evening supper prayer and off the phone would ring!!!! I WANT TO KEEP WISCONSIN CURRENT NO CALL POLICY INTACT. Do not destroy it. Do not change it. VERY THANKFULLY, IT WORKS!!!!!! It works very well. If I need to purchase something, I can do the research to contact the appropriate people. There are other outlets for their marketing. It does not have to be my phone.
